

FISCAL NOTE

TO: Chief Clerk of the Senate
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: February 17, 1995

SUBJECT: **SB 568 - HB 594**

This bill, if enacted, will require countywide vehicle emissions testing in Shelby County. Presently, emissions testing is conducted just for the City of Memphis.

The fiscal impact from enactment of this bill is estimated to be an increase in first year local government expenditures* to conduct emissions testing on excess of 300,000 vehicles. A reasonable estimate of the increase cannot be determined but is estimated to exceed \$1,500,000 annually.

The enactment of this bill is also estimated to result in an increase in first year local government revenues assuming the county charges individuals for emissions testing on the vehicles; however, a reasonable estimate of the increase cannot be determined but is estimated to exceed \$1,500,000 annually.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

James A. Davenport, Executive Director

**Article II, Section 24 of the Tennessee Constitution provides that: no law of general application shall impose increased expenditure requirements on cities or counties unless the General Assembly shall provide that the state share in the cost.*
